Sharing knowledge, and how the urban planning has to be done and what is the right formula to overcome this issue, has the population migrating from the urban areas to the big cities?

To find a solution to it, is the big challenge has it involve peoples lives...

Maria João Elsa Branco Teles Grilo was born in Lubango. She was a teacher of the architecture between 1994 and 2010.

She is an administrator and an architect of the company METAPOLIS – Planning, Architecture and Consulting, that she created in 2004. It has the head office in Luanda and a support atelier in Lisbon.

She is co-author of various books about Architecture in Angola, international expositions, articles in international magazines of Architecture. She has been representing Angola in numerous international congresses of Architecture.

This talk was given at a TEDx event using the TED conference format but independently organized by a local community. Learn more at <http://ted.com/tedx>
